Nature Transformation (性質変化, Seishitsu Henka, English TV: Change in Chakra Nature) is an advanced form of chakra control that entails the moulding and defining of the nature of one's chakra, altering its properties and characteristics for use in techniques.

**Nature Transformation | Narutopedia | Fandom**

In contrast to contemporary western theories of aesthetics, scholastic and Oriental art agree that art imitates nature in her
manner of operation, not nature visually. Things, including works of art, are what they are by reason of the determining forms or ideas embodied in them, and valid judgments are impossible without an understanding of these formative ideas.
